August 6th 2018

New links will be placed here for a while before adding them to Da Archive.

PLEASE BUY A COPY OF THE BOOKS THAT YOU USE

If you can't understand why you should support your game, go work at Burger King for 2 weeks for no pay and you might get a clue.

Sorry for the incomplete links and L33t gibberish.

This way seems to be a good idea, what with all the matrixbots and cyber crotchspiders out there.

zippyshare.com is strange, there are numbers after
the 'www' i.e. www57.zippyshare

SS, \$\$, or @SS is sendspace, m3g4 is mega, <d0t> is a period or dot as in dot com, etc.
There is a u\$ercl0ud and a u\$er\$c10ud, be careful to go to the correct one.

Anon Has Pointed Out That A Few Sites Used Have Unwanted Clutter That Can Be Annoying.

“Be warned the site it's on is rife with malware traps.

When you figure it out make sure the file you're saving is a .PDF and not the same thing with .EXE
stuck on the end. The second one is a million bad programs that eat your compooter like I eat
Cheetos.”

Fun and Educational!

What methods do people prefer to add OCR to a PDF? smallpdf.com does a pretty good job of lossless compression. OCR shouldn't be affecting the compression of the image in the PDF by default. Unless you are setting the OCR to downsample a 300dpi page to 150dpi while performing the OCR. In which case you should set the OCR downsample to match the actual page dpi.

But honestly if the PDF consists pages that are just images, you should extract them in Photoshop, and reduce the resolution to 150dpi with the bicubic sharper option (Does a better job of downsampling than Acrobat), save to PNG, and recreate the PDF, then OCR @ 150dpi.

Archive of what gets shared in each of these threads. Hopefully that will give people another chance to grab them. You'll need Resilio Sync to access them, this link will take you where you need to go. if you don't have pro, you can't choose individual files but you can try Pro for 2 weeks, so for that time you'll be able to cherry pick. Otherwise you can have the lot, if you need something that's in there then this will be one more way to get it.
